Dasho,
 Kindly refer to Letter No. MoE/Sect/HR/2021/3966 dated April 14, 2021 regarding approval on promotion framework for vice principal and principal.

In this regard, the Commission during its 89th Commission Meeting held on April 27, 2021 approved the following school structure for promotion of Principal and vice principal:

| School Level | Student Number | Position Level of Principal |
|---|-----------------------|-----------------------------|
| 1. Primary School | Below or equal to 100 | P2 |
| | 101-500 | P1 |
| | 501 and above | P1/ES3 and above |
| 2. Lower Secondary School/Middle Secondary School | 101-500 | P1 |
| | 501 and above | P1/ES3 and above |
| 3. Higher Secondary School | All | P1/ES3 and above |

The Ministry is directed to apply following criteria for the recruitment of principal:

1. Since the entry for Principals is approved at P2, all schools can have Principal up to P1 level subject to meeting specialist promotion criteria except primary schools with students less than 100.
2. Schools qualifying for Principal at ES3 and above, for the purpose of succession planning and clarity of authority, Principal in these Schools will be announced only at P1 through open competition when vacancies arise through the separation of incumbent ES Principals.
3. The pool for the above announced position of principal at P1 A should be Vice principal and principal at P2 who has served 4 years in current position level, and criteria for selection should be inclusive of specialist promotion criteria. However, Principals at P1 can also apply as lateral appointment.
4. Promotion of head for two Special Institutes (Wangsel and Muenseling) to be reviewed by the Commission based on cases.
